Release Notes for tnxTower Version 8.1

This document describes Version 8.1 of tnxTower. Please contact TNX Support at support@towernx.com if you need update instructions.

New Features and Bug Fixes

v. 8.1.1.0

1. Changed the licensing system to RLM Cloud by Reprise Software, Inc. All current licensees have already received the required license files and installation instructions.
2. This version of the program is identical in all respects to version 8.0.9.0, except for the licensing module.
3. Access to tnxTower 8.0.9.0 may not be available after June 30, 2021.
